PROSTHESES LIST
PRIVATE HEALTH INSURANCE (PROSTHESES) AMENDMENT RULES (No. 8) 2019
Correction of benefit errors and other matters

The delegate of the Minister for Health has made the Private Health Insurance (Prostheses) Amendment Rules (No 8) 2019 (the Amendment Rules), to amend the Private Health Insurance (Prostheses) Rules (No. 4) 2019. Schedule 1 to the Prostheses Rules is generally known as the February 2020 Prostheses List.

The Amendment Rules correct errors in the benefits for three prostheses listed on Part A, as below:

<table>
<thead>
<tr>
<th>Billing code</th>
<th>Product Name</th>
<th>Listed benefit</th>
<th>Correct benefit</th>
</tr>
</thead>
<tbody>
<tr>
<td>MI195</td>
<td>TYRX Absorbable Antibacterial Envelope</td>
<td>$826.00</td>
<td>$867.00</td>
</tr>
<tr>
<td>MC269</td>
<td>Medtronic Vent Tubes</td>
<td>$18.00</td>
<td>$20.00</td>
</tr>
<tr>
<td>MI077</td>
<td>Medtronic Ventilation Tubes</td>
<td>$18.00</td>
<td>$20.00</td>
</tr>
</tbody>
</table>

The Amendment also correct the conditions of listing on cardiac ablation prostheses listed in Part C. The conditions of listing on surgical and catheter based cardiac ablation devices currently make reference to the Health Insurance (General Medical Services Table) Regulations 2018. These regulations were repealed and are no longer in effect. The Health Insurance (General Medical Services Table) Regulations 2019 came into effect from 1 July 2019. The conditions of listing for these prostheses have been amended to reflect this change.

The Amendment Rules have been registered on the Federal Register of Legislation and commence immediately after the commencement of the Private Health Insurance (Prostheses) Rules (No. 4) 2019.
