JULY 2019 PROSTHESES LIST – DELAY IN PUBLICATION

This circular is to inform stakeholders that publication of the July 2019 Prostheses List has been delayed.

At this point, it is anticipated that the Prostheses List will be published on Wednesday, 19 June 2019.

The delay in this publication relates to the legislation process that must be followed to accommodate the changes being made in the July 2019 Prostheses List. The delay is sincerely regretted, but unfortunately unavoidable.

The effective date is still 1 July 2019.

A further circular will be published if there are any changes to these timelines.
